RIBERA DEL DUERO

Lugano – Wednesday, 14 March 2018

On Wednesday, 14 March 2018, at ARVINO "Luxury Wine Shop" in Lugano, the passion for the wines of the Ribera del Duero, wine denomination of Spain that became famous for the production of Tempranillo, also known as "Tinta del País" or "Tinta Fina", will ignite.

Thanks to the natural conformation of the territory and its altitude, the Ribera Del Duero has an optimal exposure with thermal excursions that favor the ideal ripening conditions of the Tempranillo. The great quality, the intense structure and a great balance characterize the wines produced in this region.

For the tasting we have selected for you, Alion Bodegas 2013 of Vega Sicilia, a wine with impressive structure and finesse, continuing with Hacienda Monasterio Reserva 2012, an important vintage for the Reserva, which convinces with power and longevity and finally Flor de Pingus 2013 by Dominio de Pingus, the youngest expression of the Dominio de Pingus, which can be approached at early age.
